Dear CP Sport volunteer

A Big Thank You

Sincere apologies for not getting this to you sooner, the aftermath and cleanup of the world record attempt has taken up quite a lot of time!

On behalf of myself and the Community & Development Team here at Trent Bridge, may we take this opportunity to thank you most sincerely for the support that you provided to us at the world record attempt.

The event was a resounding success, and your contribution was essential to the efficient running of the day, the feedback from children, schools and partners alike has been especially pleasing.

We engaged just over 2000 young people at the racecourse on the event day which will be a new world record. Without your help and support the event would not have been possible and I hope that you feel very proud of your efforts during the course of a long, hot and at times high pressured day!

Every Single young person who took part on the day received an nPower cricket set that was packaged and distributed by the volunteer workforce. The cricket set included a booklet outlining the summer cricket projects that the County Cricket Board are running together with a list of all affiliated cricket clubs in the county. Hopefully as a result of this fantastic introduction to the sport, cricket will continue to grow amongst young people in the county and without the efforts of volunteers like you this would not be possible.

At the moment the exact amount of money that was raised by the schools during the build up to the event day is still being collated and all proceeds will be distributed between the Nottinghamshire community sports trust and cerebral palsy sport.

Once again, many thanks for your support and congratulations on becoming a world record holder!

Yours sincerely,

Martyn and the Team
