Southampton Branch**

SkyBlue Scouts

Beaver scouts attending to their new garden

During Sustainability week, SkyBlue Southampton helped the local Scouts based at Manor Farm Country Park 'Cricket Camp' for Sustainability week. The work included painting bridges, gardening, putting up hanging baskets, digging out steel girders and sanding down for painting.

SkyBlue Southampton managed to get supplies donated from the builders and home improvement supplier, Travis Perkins. Nichola says, "During our time there, we were awarded with beaver scarf's and woggles. The scouts re-named us the cricket club SkyBlue scouts."

Thanks to the help of the team, the Local Beaver Scouts can now be proud of their new garden.

Business Benefits

Increase exposure within the local community by developing outdoor activities for children.

Community Benefits

To provide a safe, clean garden area for the scouts to enjoy.
